BHARATI VIDYAPEETH COLLEGE OF ENGINEERING
Department of Computer Engineering

Class : S.E | Subject name: **Object Oriented Programming Methodology** | Sem : III

ACADEMIC YEAR 2018-19
Practical Plan for Batch 1

Practical Hours : 02

Subject Incharge : Prof. S .B. Mane

Exp. No	Experiment Name	Planned Date	Performance Date	Remark
1	Write simple java programs	3/7/19		
2	Write programs for different operators in java	3/7/19		
3	Write program for different control statements	10/7/19		
4	Write a program for objects and classes in java.	17/7/19		
5	Write a program to study utility package in java.	24/7/19		
6	Write a program to study concepts of arrays.	31/7/19		
7	Write a program to study String & String Buffer class	7/8/19		
8	Write a program to demonstrate vector & wrapper classes	21/8/19		
9	Write a program to study concepts of inheritance.	28/8/19		
10	Write a program to study the interface in java.	4/9/19		
11	Write a program to study try & catch in exception handling	11/9/19		
12	Write a program to study the concept of multithreading	18/9/19		
13	Write a program to study graphics using applet.	25/9/19		
14	Write a program on passing parameters to applets	3/10/19		

15	Write a program to create GUI application without event handling using AWT controls	17/10/19			
16	Write a program to create GUI application with event handling using AWT controls	24/10/19			
17	Remedial practical
